TOWNSHIP CAUCUS.

The Republican Electors of the Township of Paw Paw will hold a Caucus at the Court House, in the village of Paw Paw, on Saturday, the 15th day of August, 1874, at 2 o'clock P. M., for the purpose of choosing 13 delegates to the County Convention, to be held in Paw Paw, on Friday, August 21st.

The motto of some men is: "Our army and navy plug tobacco forever."

W. S. George, publisher of the Lansing Republican, has gone to Mackinaw.

The Fifth Michigan Infantry will hold its annual reunion at Ann Arbor, August 27.

San Francisco now pays women teachers in the public schools the same salaries as men.

Philadelphia has "centennial detectives." They work up a case once in a hundred years.

The annual reunion of the Eighteenth Michigan Infantry will be held at Tecumseh, August 18.

Miss Julia Ripley, a former resident of Jackson, took the first law prize at Columbia College, Missouri.

The 6th annual meeting of the Michigan Publishers' Association will be held at East Saginaw on Tuesday, August 11, 1874.

Eather Shaw, of Davenport, Iowa, worked thirteen years in one family before asking for a cent of pay. Needs't write for her; she's dead.

The new depot of the Grand Rapids & Indiana Railroad at Kalamazoo is said to be one of the handsomest buildings of the kind in the State.

A marine editor at Cincinnati dares to say that there is not a steamboat man on the Western rivers who would not die rather than tell the truth.

Kansas has the fattest baby, the smallest preacher, the oldest horse-thief, and the poorest daily papers of any State in the Union.—Detroit Free Press.

A man who respects his wife and family will never tell a lie when any one asks him how he got that scar on his nose, but will explain how "a stick of wood flew up your nose."

James E. Bonine, of Cass county, cultivates 900 acres of land; and his average crop is about 10,000 bushels of corn, 3,000 bushels of wheat, 2,000 bushels of oats, and 300 tons of hay.

An immense building for the preservation of foreign and domestic fruits is soon to be erected at Battle Creek, by Nathan and Thomas Wellens, large capitalists and fruit importers of Philadelphia.

One of the meanest feelings in this world comes to a man when he rescues a young lady from drowning and learns that she is to be married in three weeks to a fellow with leg o' mutton whiskers.

A Woman Suffrage Society was organized in Breedsville the first of June, and the members meet every two weeks. One of the attractive features of these meetings is the reading of a paper, edited by four young ladies.

Gilbert White of Cass county recently threshed 20 acres of wheat, the average yield being 40 bushels per acre. James E. Bonine of the same county had 130 acres of wheat, of which he has threshed 40 acres of the lightest part, getting 37 bushels per acre.

The Battle Creek Tribune says that according to the late census that city contains 266 more women and girls than men, there being 1,475 males over 21 years of age; males under 21 years of age, 1,051; making a total of 2,526; while there are 2,792 females.

There are two million beehives in the United States. Every hive yields on an average a little over twenty-two pounds of honey. The average price at which honey is sold is 25c a pound, so that, after paying their own board, the bees present us with a revenue of \$8,800,000.

"Should Woman Vote?" is a question that has been receiving a good deal of attention in the immediate past, and now comes the discussion of the question, "Ought Men to Vote?" The question is discussed at considerable length in the editorial columns of a respectable and leading newspaper devoted to Female Suffrage.

The ladies of Portage Grange, at Schoolcraft, have instituted a dress reform and hereafter will not follow Dame Fashion, but have a fashion each of her own—one that will be more consistent with their purse and conducive to better health. Corsets, chignons, etc., will be done away with entirely, as well as cosmetics, dyes, etc.

One of the most senseless excuses ever gotten up for the purpose of refusing man's pay to women for doing man's work, was the reason given to two Chicago women, who applied for positions as drivers on the street cars. The boss said they "couldn't manage mules." They informed him that they had been "married five years." He gave it up.

Some of the Decatur ladies were over last Wednesday attending to two liquor suits. In the suit against A. B. Knights they recovered a judgment of \$25 and costs. The one against N. H. Eckler was put over until to-day.

On Saturday last a new trial was granted to M. D. Matteson, and also to Hall, the Keeler murderer. The people have Judge Brown to thank for the entailment of expense that these new trials subject the people to.

F. W. Sellick was sentenced on Saturday last, by Judge Stone, to one year's close confinement in the County Jail, after having made a full confession of the commission of the crime of forgery, for which he was tried and convicted. The confession was made by his attorney. He agreed to reimburse the County for all the expense it had been to in the trial of the case.

We have seen it stated that the ballot will not help woman financially. The following item is one of many which refutes that statement: 375 female clerks were discharged from the Treasury Department recently, also 40 from the Second Auditor's Office and 25 from the Interior Department. Having no votes nor direct political power, the women are ejected while the men are retained.

From a Kalamazoo despatch to the Detroit Tribune we learn, that at a caucus held in that city on the 3d instant, Henry Bishop, A. C. Worley, M. J. Bigelow and C. S. Dayton were elected as delegates to the county convention, without any opposition. These delegates, it is understood, all favor the re-nomination of Mr. Burrows. So it appears that much of the talk about throwing Burrows overboard was only humbug, to call him home from the Upper Lakes.

Thomas Grist was held to bail for his appearance for trial at the Circuit Court on the charge of cutting the Landphers dam. The principal testimony on which he was held was that of a man named Conkey, who claims to have been an accomplice, and gives as a reason for appearing at this time that somebody ought to have paid him some thirty dollars more than he received. If the money had been paid it would have been all right, and his mouth would have been closed.

The Anti-Prohibitionists will hold a mass convention in the city of Detroit on Wednesday next, August 12. The call states the object of the convention is to effect a more thorough organization of those who favor a general license law in this State, with a view to the adoption of such measures as shall influence legislation, so as to bring about the result sought by the liquor dealers, by the enactment of laws establishing a license system in place of the present prohibitory law.

We receive a great many communications from various sources on the school question, but most of them seem to have for their object the publication of personal grievances,—something that will not interest the people generally. What we want in this discussion, is to have some method suggested, which will be an improvement on the present one. We invite all who have anything to say on this important subject to make it known, but we prefer all personalities to be omitted.

One of the most barefaced and unfounded assertions that has fallen under our eye for a long time was that contained in the Post-office organ last week, wherein that "mouth-piece" undertook to accuse the NORTHERNER of fact-finding and general political unsoundness, when it is well known that that "organ" snarled out a long snarl of dissatisfaction as to the doings of the County Committee, and growled most egregiously because the Post-office had not been consulted. In order that the people might know just what the great "organ" said, we reproduced the attack entire with a brief comment appended. The TRUE NORTHERNER has not for a moment wandered off on a tangent in pursuit of new parties or new organizations, which probably is much more than this self-constituted "organ" can truthfully say.

A correspondent of the Kalamazoo Telegraph writes that on the farm of A. R. Allen, of Cooper, a mound is situated in the edge of the woods. It is quite large, perhaps fifteen feet in diameter. Upon the top is the stump of an uprooted tree which is beginning to decay, and by its side a tree is growing about a foot in diameter, which appears to have grown since the other has fallen. Within a few weeks an excavation has been made in the mound, and human bones were discovered although nearly decayed. These were very large, larger than is natural to the present race. From the appearance of the position of the bones they seem to have been thrown in promiscuously which would be an indication either of a war or pestilence.

A Sabbath School Institute, conducted by the Rev. O. F. A. Spinning, State Missionary, will be held at the 1st Baptist church of Paw Paw, on Saturday and Sunday next, August 8th and 9th, with three sessions each day as follows: 10 A. M., 3 P. M., and 7 P. M.

The following topics are announced for discussion: 1st, Our work; 2d, The kind of workers we must aim to be; 3d, The training the workers need; 4th, An order of Sabbath School exercises; 5th, Various addresses to Sabbath School Teachers; 6th, How to promote Revivals in Sabbath Schools; 7th, How parents may help or hinder; 8th, Teachers' meetings; 9th, A Bible school at every family altar; 10th, The claims of the Sabbath school on the church; 11th, The claims of the church on the Sabbath school. There will be Drill Exercises, Chalk Sermons, etc. Sunday evening will be mass meeting for parents and children. All are cordially invited to be present. Come and bring the children with you.

ED. TRUE NORTHERNER:—As your excellent paper is a most welcome visitor to my table every week, I always notice such changes as may have taken place in it since the previous edition.

Last week I received the TRUE NORTHERNER, as usual, and unfolded and looked it over. My first thought was: "Well, the readers of this paper cannot complain of not getting reading enough." My next was: "Wonder if all the dry goods merchants of Paw Paw have sold out, or failed, and left the county?" And my final thought: "When I next visit the village where shall I go to do my shopping?"

I could answer this last question very readily, for I had seen three advertisements telling me where to go—A. Van Auker & Co., Sherman & Sellick and Oppenheim & Jacobs, the latter a new-comer. But what had become of the rest of those old-time stores, that we had known so long? Echo answered, where?

Your correspondent has been around the County a great deal, and it is a common sight

to see the TRUE NORTHERNER; indeed, I concluded that almost every family must be a subscriber. And when I took it up yesterday I thought it well worth the subscription price, and felt it to be a pity and shame that it was not better patronized by the merchants of your beautiful village.

Let a stranger see a newspaper from any town, and he will form his opinion of the place very soon. If it is well filled with home advertisements, he will very quickly say, "That is a prosperous town, for these advertisements show that the people are alive, and that's the place to go." On the other hand, no matter how excellent the reading matter or typographical appearance of a paper may be, if it is destitute of home advertisements, a stranger will immediately say, "This is a good newspaper, but I guess there's not much business done in the town."

Perhaps, Mr. Editor, you will not care to publish this article, but I think it no more than right to call the attention of the business men of your place to the fact that they are causing a great deal of misunderstanding to outsiders, in regard to the business done, by withholding their patronage from the TRUE NORTHERNER. My motto is—

"Live and let live."

Woman Suffrage Notes.

The Republican State Convention of Iowa have endorsed Woman Suffrage.

The Hon. George W. Julian, of Indiana, will stump this State in behalf of Woman Suffrage.

Col. Ferry, of Grand Haven, has a work about ready to be issued, entitled "Woman Suffrage in the Michigan Legislature." It presents some curious facts and documents. He found one document praying for the extension of the right of Suffrage to women, which was presented in 1849.

"Woman Suffrage," says the Pittsburg Commercial, "is as sure to arrive and stay as a mathematical axiom is certain to be correct.—Each new discussion shows nearer approach to the inevitable."

A Committee of the Missouri State Association to aid Woman Suffrage, of which Mrs. Rebecca M. Hazard is the Chairman, have taken measures for aiding their sisters in Michigan in securing Woman Suffrage in this State. The sum of \$300 was raised by the meeting to help on the cause in Michigan, and the Committee hope to raise a much larger sum.

If the principle on which we founded our government is true, that taxation must not be without representation, and if women hold property and are taxed, it follows that women should be represented in the State by their votes. * * I think the State can no more afford to dispense with the votes of women in its affairs than the family.—Mrs. Harriet Beecher Stowe.

DETROIT MARKET.

DETROIT, August 3, 1874.
Money, though abundant, seems to find ample employment, and the rate of interest—8 to 10 per cent for custom paper—is maintained. Business is surely improving, if we except hardware. Turpentine, 45; boiled linseed oil, 91; No. 1 hard oil, 82.83; kerosene, 14.15.—Groceries generally firm: standard A sugar, 10 1/2. Rio coffee, 24.25; Java, 32.25. Hams, 18; shoulders 9 1/2 to 10. Flour dull: good to choice white winter, 5 75 to 6 50; amber, 5 50 to 6. Wheat is more settled: receipts to-day, 82 car loads; stock in store only 19,000 bu., which betokens an active movement; new is now the basis of value: No. 1 white soft largely at 1.23 to 1.24 for August delivery and 1.24 cash, or 7 to 8c lower than a week ago. While speculation is brisk, the disposition of city dealers is to sell short, thus indicating a presentment of lower prices. Corn, 60 to 70. Old oats offered at 50; new sold at 40. Apples dull at \$1.01 to 50 per bbl. Butter steady at a slight decline—22 to 24. Cheese 1/2c higher: factory, 11 to 12. Eggs 13 to 14. Honey, 25 to 28. Hides, 6 to 6 1/2. Onions, 4 1/2 to 5 per bbl.
